CENTRAL LABOR UNION MEETS. Building Trades Section Will Issue a Uniform Working Card.

At a meeting of the Central Labor Union held last night it was reported that the Building Trades Section, composed of representatives from all the building trades affiliated with the union, has decided to issue a uniform working card. In this connection it was stated that under the proposed rules of the section no member of any organization affiliated

under the proposed rules of the section no member of any organization affiliated with it will, after October 1 next, be permitted to work with any person who does not hold a "universal card."

If this programme is carried out it will without doubt precipitate a bitter fight between the members of the Knights of Labor and trades unionist building trades' organizations in the District. At present there are several of the building trades' organizations on the filliated with the Central Labor Union, and consequently not in touch with the Building Trades Section. There are also some building trades in which the workmen are divided between two organizations, one of which is affilliated with the Central Labor Union and the other with the Knights of Labor. Then there are several of the building trades organizations which have maintained a Building Trades Council ever since the disruption or disintegration of the building trades central body in the spring of 1850.

Several times during the last year efforts to reconcile the contending factions among the building trades have been made without success. As a result of these failures to harmonize the differences between the local building trades organizations and the Building Trades Council, composed of organizations both with-

"I do not look as though I ever was sick."

When a woman is eick she falls off in looks. This is particularly the case when she suffers from diseases peculiar to her sex. Not only is her strength undermined, but she loses beauty of

face and grace of form.

It is characteristic of the cures of womanly diseases effected by the use of Dr. Pierce's Favorite Prescription, that with restored health there is a restora-

tion of good looks.
"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures

inflammation and ulceration and cures female weakness.

"I wish to thank you for the good your medicines have done me," writes Mrs. Mrs. Brown, of Canton, Fulton Co. Ills. "I was troubled with female weakness and doctored with several different doctors. They did not seem to help me; indeed I got worse all the time. I had ulceration and dispiacement of the uterus. What I suffered no tongue can tell. I had heavy bearing-down pains and thought my back would kill me. I also had a very bad drain, but after taking five bottles of "Favorite Prescription" and three of "Golden Medical Discovery," I am feeling as well as ever. It has been almost two years and I have had no return of the trouble. My friends tell me I don't look as though I ever was sick."

Andrew B. Duvall, the Attorney for the District, has just submitted to the Commissioners an interesting opinion relative to the dedication of land for the exten-sion of Massachusetts Avenue beyond its present limits. This question was raised by the attorney of W. H. Urquhart and Stanhope Boiling, who claimed that there has been no dedication of any part of the twelve-acre tract of land owned by them, immediately south of Fairview Heights, and fronting on the Georgetown and Tenleytown Road, through which the extension of Massachusetts Avenue would pass. They further claimed that the Com-missioners have no authority to improve Massachusetts Avenue between Joliet Street and the Woodley lnn property, by laying a sidewalk according to the published notice to do so.

recognizing this demands of cill knowledge thereof at and before their purchase of the property.

"I am of the opinion that said dedication is good as against them, and that the Commissioners have authority to improve that part of Massachusetts Avenue extended which lies between Joliet Street and the Woodley Inn property."

In an opinion submitted to the Commisthat the Board cannot discriminate beman when granting pensions. The question was raised by Charles W. Stetson, who requested the reopening of the matter of pensioning the widow and children of Jacob Heller, a deceased member of the police force. The matter was referred to the Attorney by the Commissioners for an opinion upon the question whether un-der the act of February 25, 1885, making provision for the Police Relief Fund, the

iration is to make an allowance for the sidd.
